Question 1(a): [02 Marks]

You have identified a business opportunity in the food delivery sector in your city. However, before starting, you need to understand how entrepreneurship works from idea generation to execution. Explain the **entrepreneurial process** you would follow to convert your idea into a successful business, including key steps such as idea validation, planning, and launching.

Question 1(b): [02 Marks]

A young entrepreneur wants to start an online clothing brand but lacks proper business knowledge and skills. Describe the **fundamental entrepreneurial skills** (such as decision-making, risk management, and innovation) that are essential for running a successful startup. How can these skills help in overcoming challenges during the early stages of the business?
