✓ COVER LETTER

Dear Hiring Manager,

I am writing to express my interest in the Software Engineering position at your organization. I came to know about this opportunity through your job posting and was immediately drawn to it because it aligns with my technical background and career aspirations.

I am currently pursuing a Bachelor's degree in Software Engineering and am actively enhancing my skills through an Agentic AI program at PIAIC. My academic projects and coursework have helped me develop strong foundations in cloud services, application architecture, and modern software development practices.

My technical skills, problem-solving mindset, and passion for building scalable systems make me confident in my ability to contribute effectively to your team. I am particularly eager to apply my knowledge in a practical environment where I can learn, grow, and deliver value.

I would welcome the opportunity to meet with you and discuss how my skills and enthusiasm can benefit your organization. Thank you for your time and consideration.

Sincerely,
Muhammad Faisal
